Your hosts Juan Arce Marron, Shari Bondy and their extended family & amigos invite you to come and share this undiscovered paradise with pristine long sandy beaches, dramatic cliffs, great fishing, diving, surfing, mountain biking, hiking, island tours, fabulous seafood and the friendliest folks in all Baja. There is something for everyone here, a wide variety of services and activities to suit every taste and budget...so you can camp in our full service campground or stay in a variety of comfortable guest accommodations.

You'll love the "old baja" style of Mexican hospitality and make lots of new friends whether you arrive by road, air or sea. Check out the "What's New in Asuncion" page for up to date road conditions and new restaurants & services & the Fishing & Ocean Adventures for fishing reports.
